A-10 ATTACK!

Weapon Loadout Overlay

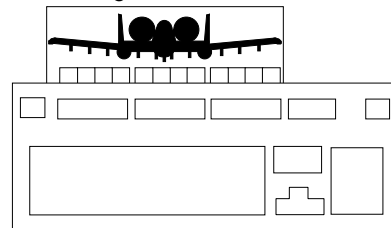

© MaxOverlays - 7/14/95
xam@access.mountain.net

Construction Instructions:

Cut out the grey sections using an X-Acto or other sharp hobby knife.
Check the fit on your keyboard and trim if necessary.
The overlay shouldn't restrict the movement of any keys.

Place a strip of matte surface adhesive tape across the station boxes to create an area to write in the payload. Use pencil or erasable marker.
Place above the function keys or tape to the top of the keyboard overlay.

Laminate the overlay to increase durability.
Clear, self-adhesive, vinyl shelf lining material will work as a substitute.

"Paperware" Shareware:

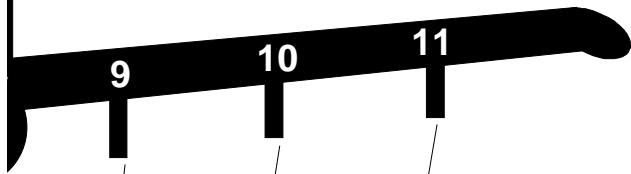

This overlay was made for my own use.
If you keep it and use it (even if you don't), please let me know.
Xam@access.mountain.net

Let me know what you thought. I'm always interested in feedback.

If you would like a printed, laminated overlay, contact:
